

WRITING ASSESSMENT

Write your final composition here.

I like school is because of sports. I am a football player. I like to play football because I like to hit people. If you are on the football team you get lots of respect from your classmates. You can make friends on the football team. That is one thing I like about school.

I like to come to school and talk with my friends. That is why I come to school every day is because I get to talk to my friends. They make my day better if I am mad, sad, or just not having a good day they are their to cheer me up. My friends make my day go quick.

Why I come to school is because of some of my classes. I like Math a lot, that is my best subject. Social Studies is my ~~is my~~ next to best class. Language is not my best class. I am not that strong in Language.

One of the activities we do at this school that I like is P.E. Why, I like P.E. is because of the stuff we do. We some times play basketball. I am not that good at basketball but I like to play it. We also lift weights I like to do that.

because it get you in shape. That is why I like P.E.

One of the things I like about school is the feild trip. The feild trips are fun because we get out of school and go have fun. We get to go to the mall and eat that is fun. If we have a watch they might let you walk around the mall. That is what I like about school feild trips.
